

# CURRENT LIST of MEDICAL LITERATURE

Vol. 9

October 19, 1945

No. 16

## SUBJECT GROUPS ACCORDING TO JOURNALS

- 1. Anatomy; Histology
- 2. Anthropology; Ethnology
- 3. Archeology; Paleontology
- 4. Aviation Medicine
- 5. Bacteriology; Parasitology
- 6. Biology; Embryology
- 7. Bone; Joint; Extremities; Muscle
- 8. Cancerology
- 9. Cardiovascular System
- 10. Chemistry; Physics
- 11. Dentistry; Stomatology
- 12. Dermatology
- 13. Diagnosis; Clinical Methods
- 14. Dietetics; Foods; Nutrition
- 15. Digestive System
- 16. Endocrinology
- 17. Forensic Medicine; Toxicology
- 18. Genetics; Eugenics
- 19. Gynecology; Obstetrics
- 20. Hematology
- 21. History; Biography; Bibliography
- 22. Homeopathy; Osteopathy, etc.
- 23. Hospitals
- 24. Immunology; Serology
- 25. Industrial Hygiene; Sociology
- \*26. Infectious Diseases; Epidemiology
- \*27. Medicine
- 28. Metabolism
- \*29. Military and Naval Medicine
- \*30. Miscellaneous
- \*31. Neurology; Psychiatry
- \*32. Nursing
- \*33. Ophthalmology
- \*34. Otorhinolaryngology; Phoniatry
- \*35. Pathology
- \*36. Pediatrics; Child Welfare
- \*37. Pharmacology; Pharmacy
- \*38. Physiology
- 39. Psychology; Mental Hygiene
- \*40. Public Health; Sanitation
- \*41. Radiology; Phototherapy
- 42. Respiratory System
- \*43. Surgery; Traumatology
- \*44. Therapeutics
- \*45. Tropical Medicine
- 46. Tuberculosis
- 47. Urology
- \*48. Venereal Diseases; Sexology
- \*49. Veterinary Medicine
- 50. Zoology

THE ARMY MEDICAL LIBRARY  
Washington, D. C.

JOURNALS

Needed to Complete the Files of the Army Medical Library

Since this Library has been unable to secure the following missing numbers of journals through ordinary channels, they are listed here in the hope that other libraries or individuals may have copies which they will donate or exchange for duplicates of other journals.

Please notify the Acquisition Division of the Army Medical Library, at the address given below, of any numbers which may be available, and franked labels for their transportation will be forwarded promptly.

Practical Druggist and Pharmaceutical Review of Reviews. New York.  
v.1-30, 1896-1912  
v.31, 1913 #3, 5, 7-9  
v.32, 1914 #5-12  
v.33, 1915  
v.34, 1916 #1-8  
v.35, 1917 #1-4, 8, 9  
v.36, 1918 #2, 5  
v.37, 1919 #1, 4  
v.42, 1924 #4, 7-12  
v.43-52, 1925-1934  
v.53, 1935 #1-3

Prensa medica argentina. Buenos Aires.  
v.3, 1917 #19, 20  
v.5, 1918 #20, 28  
v.6, 1919 #8-36  
v.7-8  
v.9, 1922 #1-15, 17-36  
v.10, 1923-24  
v.11, 1924-25, #1-24  
v.17, 1930-31, #1-2  
v.29, 1942 #25-26  
v.31, 1944 #12, 19-20

Prevision social. Santiago, Chile.  
v.1-10, 1934(?) - 1943

Pro lepros. Bandoeng, Java.  
v.1-5, 1933-37  
v.6, 1938 #1-10, 12  
v.7, 1939 #4, 7, 9-12, index.

Proceedings of the Nova Scotian Institute of Science. Halifax.  
v.1

Proceedings of the Royal Institution of Great Britain. London.  
v.1-6, 1851-1872

Proceedings of the Staff Meetings of the Balyeat Bay Fever and Asthma Clinic. Oklahoma City.  
v.1, 1932-33 #1-4, 6, 8, 10, 12 to end  
v.2, 1933-34 #1-3, 5 to end  
v.3, 1934 #1, 2, 4 to end  
v.4, 1935 #2, 4 to end  
v.5, 1936 #2 to end  
v.6, 1936-37 #3 to end  
v.7, 1938 #1-3 to end

Progreso medico. Jersey City, N.J.  
v.1, 1940 #2 to end  
v.3-4, 1942-1943

Progresso medico. Naples.  
v.1, 1944-45, #5 and index.

Prophylaxie mentale. Paris.  
v.1-2, 1925-26  
v.3, 1927 #1-8, 10-12  
v.4, 1928

Protesis. Buenos Aires.  
ano 1-3, 1938-1940 #1-12  
ano 4, 1941 #13, 15

Psicotecnia. Madrid.  
v.1, 1939-40 #2, 5  
v.2, 1941 #6  
v.3, 1942 #12, 13  
v.5, 1944

Public Health. London.  
v.37, 1923-24 #8-12  
v.38-41, 1924-1928  
v.55, 1941/42 #4  
v.56, 1942-43 #7

Public Health Economics. Ann Arbor.  
v.1, 1944 #1

Publicaciones medicas. Buenos Aires.  
v.1-6, 1935-1940  
v.7, 1941 #1-8, 10 to end  
v.8, 1942  
v.9, 1943 #1-7, 9 and index

Publicaciones farmaceuticas. Sao Paulo.  
ano 1-9, 1935(?) - 1943  
ano 10, 1944 all except #37

Publicaciones medicas. Sao Paulo.  
v.1, 1929-30, #1-8, 11-12, index  
v.2, 1930-31, #1-2, index  
v.3, 1931-32, #1-6, 10-11, index  
v.4, 1932-33, #6-12, index  
v.5, 1933-34, #1-4, 9-10, index  
v.6, 1934-35, #1-3, 6-8, 10, 12, index  
v.7, 1935-36, #1-3, 4, index  
v.8, 1936-37, #8, index  
v.9, 1937-38, #1, 2, 5, index  
v.10, 1938-39, #9-16, index; v.11, index

---

For sale by the Superintendent of Documents, U.S. Government Printing Office, Washington 25, D.C.: \$3.00 per year (\$3.75 foreign) 10 cents per single copy.

Published weekly by the Army Medical Library, 7th St. & Independence Ave. S.W., Washington 25, D.C. Exchange invited.

Microfilm copy of items listed herein may be obtained without charge by addressing The Librarian, Army Medical Library. Not more than 15 items may be included in any one request; a second request may be submitted when the first has been returned to the reader. Items should be numbered, in the order in which they are listed in the reader's request, and should be presented as follows: Title of journal, volume number, inclusive pagination of item desired, year, author's name, title of article. Requests must be submitted in duplicate.

## 2. Anthropology; Ethnology

Appl. Anthropol., 1945, 4: No. 2 (Spring)

HUMAN elements in supervision. 3-17.

## 4. Aviation Medicine

J. Aviat. Med., 1945, 16: (Aug.)

MOTLEY, H.L., CHINN, H.I., & ODELL, F.A. Studies on bends. 210-34.

ALLAN, J.H. Traumatic calcifications; a precipitating factor in bends pain. 235-41.

GRAYBILL, A., & WEST, H. The relationship between physical fitness and success in training of U.S. Naval flight students. 242-9.

BROOKS, M.M. The effect of methylene blue on performance efficiency at high altitudes. 250-52.

HARRIS, G.R. Physical fitness. 263.

ECKMAN, M., & BARACH, A.L. A combined mixing and flow regulator. 265-7.

COOK, S.F. The inhibition of animal metabolism under decompression. 268-71.

TAYLOR, C.B., & ROBINSON, F.J. Flatulence at altitude in presence of cardiospasm; report of a case. 272-4.

CURRENS, J.H. Arterial spasm and transient paralysis resulting from lightning striking an airplane. 275-7.

## 5. Bacteriology; Parasitology

Bull. Entom. Res., Lond., 1945-46, 36: (July)

WEBB, J.E. The penetration of derris through the spiracles and cuticle of *Melophagus ovinus*. L. 15-22.

HUSVINE, J.R. Some pioneer work on protection against body lice by the use of lasting insecticides. 23-32.

HADDOW, A.J. The mosquitoes of Bwamba County, Uganda; biting activity with special reference to the influence of microclimate. 33-73.

THEODOR, O.H., & PARSONS, B.T. Insectary rearing of *Anopheles pharoensis*. 79-83.

DE MEILLON, B., PARENT, M., & BLACK, L.C. Descriptions of new larvae and pupae of Ethiopian Culicini. 85-101.

## 6. Biology; Embryology

Ann. Appl. Biol., Lond., 1945, 32: (May)

BROWN, W. Plant pathology; teaching and research. 89-96.

SNOW, D., & WATTS, P.S. The effect of sulphamamide and other bacteriostatic drugs on the growth of moulds. 102-12.

MILNE, A. The control of the sheep-tick (*Ixodes ricinus* L.) by treatment of farm stock. 128-42.

ASCHNER, M., & MAGER, J. Evaluation of materials for louse control. 143-8.

RAMSBOTTOM, J. Reasons for name-change and the stability of names. 161-3.

HISBY, G.R. What are mycologists doing about nomenclature? 185.

ROEBUCK, A. How shall we name insects? 185.

HEMING, F. The International Code of Zoological Nomenclature. 187.

J. Exp. Zool., 1945, 99: (Aug.)

FRINGS, H. The reception of mechanical and thermal stimuli by caterpillars. 115-40.

LEVI, G., & MEYER, H. Reactive, regressive, and regenerative processes of neurons, cultivated in vitro and injured with the micromanipulator. 141-81, incl. 7 pl.

PFEIFFER, I.W. Effect of the corpora allata on the metabolism of adult female grasshoppers. 183-233.

SCHOTTE, O.E., & KARCZMAR, A.G. Temperature and regression rates in denervated amputated limbs of urodele larvae. 235-61.

## 8. Cancerology

Cancer Res., 1945, 5: (Oct.)

BERENBLUM, I. A system of grading carcinogenic potency. 561-4.

RUSCH, H.F., MUELLER, G.C., & KLINE, B.E. The effect of the autoxidizability of lipid solvents on carcinogenesis by 3,4-benzopyrene. 565-71.

SUNTZEFF, V., CARRUTHERS, C., & COWDRY, E.V. Influence of age on calcium in epidermal carcinogenesis induced by methylcholanthrene in mice. 572-5.

WOOLCOM, W.H. Chronic inflammation and carcinogenesis. 576-8.

BISCHOFF, F., INGRAM, L.P., & CLARKE, G.J. Influence of nontoxic amounts of estradiol upon carcinogenesis in intact and castrated male and female mice of the Marsh-Buffalo strain. 579-81.

BISCHOFF, F. Influence of breeding on the incidence and onset of carcinoma of the mammary gland in Marsh-Buffalo mice. 582.

WARNER, S.G., REINHARD, M.C., & GOLTZ, H.L. The relative importance of the milk agent and inherited susceptibility to it in the development of mammary tumors in mice. 584-6.

## 9. Cardiovascular System

Zschr. Kreislaufforsch., 1944, 36: (Dec.)

HOCHREIN, M. Zur Pathogenese und Therapie des arteriellen Hochdrucks. 598-617.

HEHR, W. Ueber einen Fall von Aneurysma dissecans aortae mit Paraplegie. 618-21.

LIPPROSS, O. Ueber die Bedeutung der Gewebssthermometrie für die Begutachtung sog. peripherer Zirkulationsstörungen. 621-4.

LUTZ, W. Elektrokardiographische Beobachtungen bei Auskultation des Warmblüters. 625-40.

- BOLGER, L. Zur Pathogenese des Wilson-Blocks. 640-53.  
SAVILANTTI, M. Untersuchungen über die QT-Dauer im Elektrokardiogramm. 663-76.

## 10. Chemistry; Physics

Biochem.J., Lond., 1945, 39: (No. 2)

HENRY, K.M., & KON, S.K. The retention of calcium and phosphorus by the rat from whole-meal bread, with and without added calcium, and from white bread fortified with calcium and vitamin B<sub>1</sub>. 117-22.

FRAZER, A.C., & SAMMONS, H.G. The formation of mono- and di-glycerides during the hydrolysis of triglyceride by pancreatic lipase. 122-8.

FARRER, K.T.H. The thermal destruction of vitamin B<sub>1</sub>; the influence of buffer salts on the rate of destruction of aneurin at 100°. 128-32.

MCILWAIN, H., & HUGHES, D.E. Biochemical characterization of the actions of chemotherapeutic agents; relationships between metabolic and growth inhibitions by pantothenate analogues; their structural and species specificity. 133-9.

ANDERSON, A.B. The activation of jack-bean arginase by cobalt, manganese, and iron. 139-42.

LONE, C. Fumaric acid oxidation by ground preparations of pigeon brain. 143-8.

KEILIN, D., & HARTREE, E.F. Properties of azide-catalase. 148-57.

HARINGTON, C.R., & RIVERS, R.V.P. The chemical conversion of di-iodotyrosine into thyroxine. 157; 212.

CHICK, H., & SLACK, E.B. Note on the nutritive value of the nitrogenous substances contained in dried yeast (*Torulopsis lipofera*). 164-7.

AVINERI-SHAPIRO, S., & HESTRIN, S. The mechanism of polysaccharide production from sucrose. II. 167-72.

HOLDEN, M. Acid-producing mechanisms in minced leaves. 172-8.

BERRIDGE, N.J. The purification and crystallization of rennin. 179-86, pl.

GUTTFREUND, H., & OOSTON, A.G. Physical properties of bovine serum after heating with formaldehyde. 186-8, pl.

DAVIDSON, J.N., & WAYMOUTH, C. The nucleoprotein content of fibroblasts growing in vitro; the effect of tissue extracts. 188-99.

NEUBERGER, A., & WEBSTER, T.A. The lysine requirements of the adult rat. 200-2.

GILLESPIE, M., NEUBERGER, A., & WEBSTER, T.A. Further studies on lysine deficiency in rats. 203-8.

DRUMM, P.J., O'CONNOR, W.F., & RENOUF, L.P. The pigments of sponges; the lipid pigments of the sponge *Hymeniacidon sanguineum* (Grant). 208-10.

DRUMM, P.J., & O'CONNOR, W.F. The pigments of the yellow iris (*Iris pseudacorus*). 211.

HENRY, K.M., & KON, S.K. Effect of advancing age on the assimilation of calcium by the rat. xxii.

MACLAGAN, N.F. Thymol and phosphatase tests in jaundice. xxiii.

CHICK, H., & SLACK, E.B. Nutritive value of the nitrogenous substances contained in a watery beef extract. xxii.

WAYMOUTH, C., & DAVIDSON, J.N. A simplified plasma coagulum for tissue cultures. xxii.

COOK, R.P., TULLOCH, W.J., et al. Factors in aqueous extracts of peas responsible for penicillin production. xxiii.

COOK, R.P., & BROWN, M.B. Some constituents of aqueous extracts of ground dried peas. xxiv.

KING, E.J., WOOD, E.J., & DELORY, G.E. Acid phosphatase of the red cells. xxiv.

WOKES, F., MELVILLE, R., et al. Seasonal changes in true and apparent vitamin C in walnuts. xxv.

LLOYD, B.B., CHEEK, E.B., et al. The densitometric estimation of total serum protein. xxv.

HENRY, K.M., & KON, S.K. Changes on storage in the biological value of the proteins of dried skim milk. xxvi.

LLOYD, B.B., SINCLAIR, H.M., & WEBSTER, G.R. Densitometric methods of estimating total serum protein. xxvii.

ROBINSON, F.A. Some recently characterized members of the B<sub>2</sub> complex. xxviii.

QUASTEL, J.H. Parts played by members of the vitamin B complex in enzyme reactions. xxix.

KNIGHT, B.C.J.G. B vitamins as growth factors for micro-organisms and related growth inhibitors. xxx.

PLATT, B.S., & WEBB, R.A. Fermentation and human nutrition. xxxi.

WILLS, L. B vitamins and anaemia. xxxii.

RAMSAY, W.N. Plasma bilirubin in the horse. xxxiii.

KIRBY, A.H.M. The effects of methylation on the activity of nitrogenous carcinogens; p-aminobenzoquinone in the rat. xxxiv.

KIRBY, A.H.M. The effects of methylation on the activity of nitrogenous carcinogens; azo-dyes and N-methylbenzearbazole in mice. xxxv.

MCNAUGHT, M.L., & SMITH, J.A.B. The value of incubations *in vitro* applied to the study of ruminant digestion. xxxv.

OWEN, E.C. The effect of thyroxine injections on the nitrogen and calcium metabolism of the lactating cow. xxxv.

HELL, G.H., & McFARLANE, W. Null-point detector of photoelectric absorption meters. xxxv.

WEIL-MALHERBE, H. The effect of purines on polycyclic aromatic hydrocarbons. xxxvi.

HELL, G.H., & CHAMBERS, J.W. Bone strength and ash content of femora of rats on rachitic diet. xxxvi.

DAWSON, I.M. The investigation of bone structure by X-ray diffraction. xxxvii.

DAVIDSON, J.N., & WILSON, W.C. Polypeptiduria. xxxviii.

HOCH, H., & MARRACK, J.R. The estimation of serum proteins. xxxviii.

J.Chem.Soc., Lond., 1945; (July)

TURNBULL, N.H. Absorption spectra of acridines; monoaminoacridines. 441-4.

GOULDEN, T.P., & HILL, L.M. The system lead chloride-water at 15° to 35°. 447.

DAVIES, C.W. The extent of dissociation of salts in water; dissociation minima. 460-4.

GOLDBERG, A.A. Synthesis of derivatives of taurinamide. 464-7.

BURTON, H., & HOGARTH, E. Compounds related to 4:4-diaminodiphenylsulphone. 468-70.

COATES, G.E. An improved glass electrode cell assembly. 489.

J.Phys.Chem., 1945, 49: (July)

SOLLNER, K. The physical chemistry of membranes with particular reference to the elec-

trical behavior of membranes of porous character; the geometrical and electrical structure of membranes of porous character; some examples of the machine action of membranes. 285-80.

SPEISER, R., HILLS, C.H., & EDDY, C.R. The acid behavior of pectinic acids. 328-43.

DENZLER, C.G. Liquid-liquid equilibrium data. 358-65.

ROSS, S. The change of surface tension with time; the surface tension of saponin solutions. 377-86.

ZLOTOWSKI, I., & KOLTHOFF, I.M. Polarographic behavior of alkaline earth metals; the polarographic determination of calcium alone and in the presence of other alkaline earth metals. 386-405.

## II. Dentistry; Stomatology

Dent. Digest, 1945, 51: (Aug.)

HARTMAN, H.A. The present day concept of Vincent's infection. 428; passim.

GROSS, P.P. A simplified method of obtaining elastic traction in treating jaw fractures. 433.

MALCOLM, J.A. Techniques for taking accurate ear impressions. 434-9.

CALLAR, D. Moniliasis. 439.

LEVY, S. Science versus technique in taking a full lower impression. 440-4.

J. Canad. Dent. Ass., 1945, 11: (Sept.)

CLAY, J.W. Practical points in exodontia. 393-401.

HAMEL, P. La carie dentaire; ses causes; la prevention. 423-7.

HAMEL, P. Comment preventir la carie dentaire. 427-32.

J. Second Distr. Dent. Soc. N. York, 1945, 31: (Oct.)

STERN, L. Penicillin in the treatment of oral lesions. 249-54.

DUNN, L.J. The use of penicillin in root canal therapy. 255-7.

N.Y. J. Dent., 1945, 15: (Oct.)

VON SALLMANN, L. The role of iontophoresis with antibiotics in ocular therapy. 261.

STROCK, A.E. The treatment of acute ulcerative gingivostomatitis (Vincent's infection) with penicillin. 263-8.

ROSEN, N. Differential diagnosis and treatment in acute pulpitis. 269.

S. Afr. Dent. J., 1945, 19: (Aug.)

DRENNAN, M.R. A macrodontic Bushman skull in relationship to a Boskopoid skull with a similar dentition and large jaws. 243-7.

CUTLER, R. Progress in acrylic conservative technique; an evaluation of its present scope. 247; passim.

CANSTON, F.G. A possible explanation of the dentition of *Hydrocyon lineatus*. 252-4.

## 12. Dermatology

Acta derm. vener., Stockh., 1944-45, 25: (Feb.)

GROF, P. Die Wirkung thermischer Reize auf das Retikuloendothel der Haut. 289-301.

KNAF, J. A case of Rothmund's disease. 303-21.

MAGNUSEN, J.D., & JOENSEN, H.D. Pediculosis capitis treated with acetum staphidis agrariae and tinture staphidis agrariae. 322-37.

MELCZER, N. Die fumante Gangrän der Mutterer Geschlechtsorgane. 338-49.

MELCZER, N. Zur Klinik und Aetiologie der gangränösen Umwandlung verschiedener Hautentzündungen. 350-60.

SEEBERG, G. Deteriorating therapeutic effect of sulfathiazole in gonorrhœa. 361-79.

SEEBERG, G. Local treatment of gonorrhœa with sulfathiazole; a clinical investigation. 380-4.

Acta derm. vener., Stockh., 1944-45, 25: (Mar.)

ASTRUP, A. Uncinaria stenocephala as a cause of skin disease in man. 389-92.

PUTKONEN, T. Über die Kveimreaktion bei Lymphgranulomatosis benigna; mit einem Beitrag zur Thermostabilität und Haltbarkeit des Antigens. 393-410.

BRUECK, C. Symmers' disease. 411-42.

GABRIELSEN, E.K., & SYLVESTER, B. Is the treatment of epidermophytosis of the feet with copper iontophoresis sufficient? 443-57.

GELBJERG-HANSEN, G. Erythema chronicum migrans Afzelii and meningitis after a tick bite. 458-53.

MARCUSSEN, P.V. Systemic proliferation of lymphoid and reticular cells, with benign changes in skin, lymph glands and blood. 464-75.

AAS, T.N. A case of blastomycosis in the scalp. 477-88.

DANHOLT, N., & WISLOFF NILSEN, R. Investigations on the course of Kveim's reaction and its clinical value. 489-502.

LOMHOLT, S. A case of lepra tuberosa et maculo-anæsthetica. 503.

LOMHOLT, S. A monstrous case of sarcoid of Boeck. 504-7.

BONNEVIE, P. Annular sarcoid of Boeck. 507.

HAXTHAUSEN, H. Dermatomyositis. 509.

KRISTJANSEN, I. Multiple, flat xanthomas. 510.

KRISTJANSEN, A. Tuberculoïse d'inoculation lupoidé après vaccination Calmette. 511-4.

MARCUSSEN, P.V. Palviniform dysplasias on the left hand (knuckle pads, tylotides articulaires) without detectable traumatic cause. 514.

BONNEVIE, P. So-called therapy-resistant syphilis. 515.

MARCUSSEN, P.V. Perleche due to low tooth-bite and prurigo disposition. 516.

NEKMAND, P.H. Un cas à diagnostiquer: syndrome de Senechal-Usher? 517.

JENSEN, T. Bullous exanthema after capascetyl (salicylic acid). 518.

BONNEVIE, P. Seronegative gummata and tabes. 518.

- JESPERSEN, I. Lichenoid-atropic secondary syphilis. 519.
- MARCUSSSEN, P.V. Lymphoid medular reticulosisis with proliferation of reticulum cells. 519.
- JENSEN, C.E. A case of quite fresh syphilis is resistant opposite salvarsan-bismuth treatment, combined with medicamental exanthema? 521.
- BONNEVIE, P. Peculiar neosalvarsan exanthema. 521.
- BONNEVIE, P. Peculiar neosalvarsan exanthema in early clinical syphilis recidivation. 522.
- KAALUND-JØRGENSEN, O. Hg.-hypersensitivity in tattooing with oscillating course. 523.
- LOMHOLT, G. Acute guttate psoriasis provoked by a psychic trauma. 524.
- LOMHOLT, S. A case of mustard gas burn. 525.
- LOMHOLT, S. A case of idiopathic maculat atrophy of the skin. 526.
- HAXTHAUSEN, H. Allergic eczema caused by ethyl alcohol; elicited both by epicutaneous and by internal application. 527-9.
- LOMHOLT, S. A case of annulate sarcoid of Boeck. 529.
- RETMANN, F. A case of gangraena cutis penis after local anesthesia. 530.
- RETMANN, F. Gangrenous erysipelas. 531.
- KRISTJANSEN, A. Syphilis infection in a private lying-in clinic. 531.
- HAXTHAUSEN, H. Unilateral rosacea; retained tooth (+ 3) on the same side of the upper jaw. 533.
- BONNEVIE, P. Chiefly regional neosalvarsan exanthema. 533.
- BONNEVIE, P. Extensive polymorphous neosalvarsan exanthemas. 534.
- LOMHOLT, S. A case of tattooing. 535.
- LOMHOLT, S. A case of multiple, painful lipomas (Derou's disease). 535.
- KAALUND-JØRGENSEN, O. Three cases of melanosis. 536-40.
- BONNEVIE, P. Two cases of survival after encephalopathy e neosalvarsano. 540.
- KAALUND-JØRGENSEN, O. Congenital ectodermal dysplasia (minor form). 541.
- KRISTJANSEN, A. Segmentary striae. 542-4.
- HAXTHAUSEN, H. Darier's disease. 544.
